GOALS

Much like previous CAPPAs Conferences, the Eleventh Croatian Scientific and Professional Conference **AIR PROTECTION 2019** aims to gather experts from the field of air pollution and motivate them to display the results of their work, indicate existing and potential problems, exchange experience and opinions among each other and mutually reach conclusions about future actions.

TOPICS

1. Managing air quality – inspection and control
2. Atmospheric emissions of pollutants
3. Monitoring ambient air pollution
4. Developing and testing measuring methods
5. Estimating exposure to air pollutants and impact on health
6. Air protection in physical planning, construction and environmental protection
7. EFCA session “Air pollution and climate: Ultrafine particles - impact and policy responses”

VENUE

Bol - Hotel Elaphusa.

INITIAL PROGRAMME

Tuesday, 15 October 2019

Afternoon – arrival and check-in of participants; registration of participants, distribution of materials.

Wednesday, 16 October 2019

Morning – registration of participants and distribution of materials.

Opening of the Conference, introductory lectures, discussions.

Afternoon – expert presentations according to topic, discussions, poster section.

Thursday, 17 October 2019

Morning – EFCA session “Air pollution and climate: Ultrafine particles - impact and policy responses”

Technical and business presentation, exhibition.

Afternoon – expert presentations according to topic, discussions, poster section.

Conference dinner

Friday, 18 October 2019

Morning – expert presentations according to topic, discussions; technical and business presentation.
